INDEX OF AUTHORS

A

Archer, H. E. (and Hedy L. Kay, and D. Weitzman): Control of quinidine dosage. 534.
Aitchison, J. D. (and R. J. Duthie, and J. S. Young): Palpable venous pulsations in a case of transposition of both arterial trunks and complete heart block. 63.
—— (and H. G. Richmond): Pulmonary hypertension associated with necrotizing pulmonary arteritis. 312.
—— (and W. I. Cranston, and Elizabeth A. Priest): The effects of 1-hydrazinophthalazine on the pulmonary circulation in mitral disease. 425.

B

Ball, J. D. (and J. N. P. Davies): The pathology of endomyocardial fibrosis in Uganda. 337.
Barber, J. M. (and A. P. Grant): Serum cholesterol and other lipids after administration of sitosterol. 296.
Barcons, F. Ballesta (and L. Trias de Bes, and J. G. Sanchez Lucas): A case of Takayashu's syndrome: The pulseless disease. 484.
Besterman, E. M. M.: Phonocardiography in acute rheumatic carditis. 360.
Bonham-Carter, R. E. (and C. H. M. Walker, R. Daley, M. B. Matthews, and W. E. Medd): Patent ductus arteriosus with an abnormal aortic valve. 225.
—— (and J. Reinhold, and Ulfe Rudhe): The heart sounds and the arterial pulse in congenital aortic stenosis. 327.
Boyd, G. S. (and M. F. Oliver): Serum lipoprotein patterns in coronary sclerosis and associated conditions. 299.
Brock, Sir Russel (and Maurice Campbell): The results of valvotomy for simple pulmonary stenosis. 229.
Brown, James W. (and D. Heath, and W. Whitaker): Patent ductus arteriosus with pulmonary hypertension. 121.
—— (and D. Heath, and W. Whitaker): Eisenmenger's complex. 273.
Burger, H. C. (and W. Den Boer, and J. B. Van Milaan): Vectorcardiograms of normal and premature beats in different lead systems. 1.
Burn, J. H. (and E. M. Vaughan Williams, and J. M. Walker): The production of block and auricular fibrillation in the heart-lung preparation by inhibitors of cholinesterase. 431.

C

Camerini, F. (and L. G. Davies): Secondary R waves in right chest leads. 28.
Campbell, Maurice (and Sir Russell Brock): The results of valvotomy for simple pulmonary stenosis. 229.
—— Patent ductus arteriosus: Some notes on prognosis and on pulmonary hypertension. 511.
Cole, L. (and D. L. Gardner): Long survival with inferior vena cava draining into left atrium. 93.
Cranston, W. I. (and J. D. Aitchison, and Elizabeth A. Priest): The effects of 1-hydrazinophthalazine on the pulmonary circulation in mitral disease. 425.

D

Daber, K. S. (and A. Morgan Jones, and P. J. D. Snow): Coronary disease: A pathological study. 503.
Davies, J. N. P. (and J. D. Ball): The pathology of endomyocardial fibrosis in Uganda. 337.
Davies, L. G. (and F. Camerini): Secondary R waves in right chest leads. 28.
Davison, P. H. (and B. H. McCracken and D. J. S. McIlveen): Congenital arterio-venous aneurysm. 569.
De Bes (see Trias de Bes).
Den Boer, W. (and H. C. Burger, and J. B. Van Milaan): Vectorcardiograms of normal and premature beats in different lead systems. 1.
Drew, C. E. (and P. R. Fleming, and A. M. Johnson): Cor Triloculare biatriatum: Findings at thoracotomy. 414.
Duthie, R. J. (and J. D. Aitchison, and B. S. Young): Palpable venous pulsations in a case of transposition of both arterial trunks and complete heart block. 63,

E

East, Terence (and S. Oram): Rupture of aneurysm of aortic sinus (of Valsalva) into the right side of the heart. 541.
Emslie-Smith, D. (and I. G. W. Hill, and K. G. Lowe): Unilateral membranous pulmonary venous occlusion, pulmonary hypertension and patent ductus arteriosus. 79.
—— The intracardiac electrogram as an aid in cardiac catheterization. 219.
Evans, William: The distinctive electrocardiogram of coronary arteriospasm. 15.

F

Fischmann, E. J.: Spatial vectors and the angles they enclose. 496.
Fleming, P. R. (and C. E. Drew, and A. M. Johnson): Cor triloculare biatriatum: Finding at thoracotomy. 414.

Daber, K. S. (and A. Morgan Jones, and P. J. D. Snow): Coronary disease: A pathological study. 503.
Davies, J. N. P. (and J. D. Ball): The pathology of endomyocardial fibrosis in Uganda. 337.
Davies, L. G. (and F. Camerini): Secondary R waves in right chest leads. 28.
Davison, P. H. (and B. H. McCracken and D. J. S. McIlveen): Congenital arterio-venous aneurysm. 569.
De Bes (see Trias de Bes).
Den Boer, W. (and H. C. Burger, and J. B. Van Milaan): Vectorcardiograms of normal and premature beats in different lead systems. 1.
Drew, C. E. (and P. R. Fleming, and A. M. Johnson): Cor Triloculare biatriatum: Findings at thoracotomy. 414.
Duthie, R. J. (and J. D. Aitchison, and B. S. Young): Palpable venous pulsations in a case of transposition of both arterial trunks and complete heart block. 63,

E

East, Terence (and S. Oram): Rupture of aneurysm of aortic sinus (of Valsalva) into the right side of the heart. 541.
Emslie-Smith, D. (and I. G. W. Hill, and K. G. Lowe): Unilateral membranous pulmonary venous occlusion, pulmonary hypertension and patent ductus arteriosus. 79.
—— The intracardiac electrogram as an aid in cardiac catheterization. 219.
Evans, William: The distinctive electrocardiogram of coronary arteriospasm. 15.

F

Fischmann, E. J.: Spatial vectors and the angles they enclose. 496.
Fleming, P. R. (and C. E. Drew, and A. M. Johnson): Cor triloculare biatriatum: Finding at thoracotomy. 414.

Fletcher, E. (and M. Stevenson): Dissociation with interference, reciprocal rhythm and coronary sinus rhythm. 285.
—— Extrasystoles arising from the main bundle of His. 566.
Fraser, H. R. L. (and R. Turner): Electrocardiography in mitral valvular disease. 459.

G

Gardner, D. L. (and L. Cole): Long survival with inferior vena cava draining into left atrium. 93.
Gelfand, M.: Giant cell arteritis with aneurysmal formation in an infant. 264.
Gibson, R. (and Paul Wood): Diagnosis of tricuspid stenosis. 552.
Gillanders, A. D.: Traumatic aorto-pulmonary fistula. 411.
Goudie, R. B.: Secondary tumours of the heart and pericardium. 183.
Grant, A. P. (and J. M. Barber): Serum cholesterol and other lipids after administration of sitosterol. 296.
Greer, J. R. (and A. W. Sloan): Calibration of an electronic phonocardiograph. 138.

H

Harris, P.: Patent ductus arteriosus with pulmonary hypertension. 85.
—— Some variations in the shape of the pressure curve in the human right ventricle. 173.
—— (and J. L. V. Summerhayes): Recordings of pressure during catheterization of the great cardiac vein. 453.
Hayward, G. W. (and J. M. S. Knott): The effect of exercise on lung distensibility and respiratory work in mitral stenosis. 303.
Heath, D. (and James W. Brown, and W. Whitaker): Patent ductus arteriosus with pulmonary hypertension. 121.
—— (and James W. Brown, and W. Whitaker): Eisenmenger's complex. 273.
Hill, I. G. W. (and D. Emslie-Smith, and K. G. Lowe): Unilateral membranous pulmonary venous occlusion, pulmonary hypertension, and patent ductus arteriosus. 79.
Hudson, R.: The normal and abnormal inter-atrial septum. 489.

J

Jacobson, G. (and O. Magidson): Thrombosis of the main pulmonary arteries. 207.
Johnson, A. M. (and C. E. Drew, and P. R. Fleming): Cor triloculare biatriatum: Findings at thoracotomy. 414.
Jones, A. Morgan (and K. S. Daber, and P. J. D. Snow): Coronary disease: A pathological study. 503.

K

Kay, Hedy L. (and H. E. Archer, and D. Weitzman): Control of quinidine dosage. 534.
Keat, E. C. B. (and V. R. Twyman): Cardiac involvement in lymphosarcoma with spontaneous rupture of the heart. 563.
Keith, J. D. (and R. D. Rowe, and P. Vlad): The electrocardiogram in primary endocardial fibroelastosis. 189.
Kerwin, A. J.: Ebstein's anomaly: Report of a case diagnosed during life. 109.
Knott, J. M. S. (and G. W. Hayward): The effect of exercise on lung distensibility and respiratory work in mitral stenosis. 303.

L

Logan, A. (and R. M. Marquis): Congenital aortic stenosis and its surgical treatment. 373.
Lowe, K. G. (and D. Emslie-Smith, and I. G. W. Hill): Unilateral membranous venous occlusion, pulmonary hypertension, and patent ductus arteriosus. 79.
Lucas, J. G. (and L. Trias de Bes, and F. Ballesta Barcons): A case of Takayashu's syndrome: The pulseless disease. 484.

M

Macpherson, A. I. S. (and E. V. B. Morton): Continuous venous hum in a case of portal cirrhosis. 105.
Magidson, O. (and G. Jacobson): Thrombosis of the main pulmonary arteries. 207.
Malone, R. G. S. (and W. E. Parkes): Rupture of the interventricular septum. 448.
Marquis, R. M. (and A. Logan): Congenital aortic stenosis and its surgical treatment. 373.
Matthews, M. B. (and D. E. Smith): Aortic valvular stenosis with coarctation. 198.
McAllen, P. M.: Myocardial changes occurring in potassium deficiency. 5.
McCracken, B. H. (and P. H. Davison and D. J. S. McIlveen): Congenital coronary arterio-venous aneurysm. 569.
McGregor, M. (and N. Segal): The Rauwolfia alkaloids in the treatment of hypertension. 391.
McIlveen, D. J. S. (and P. H. Davison and B. H. McCracken): Congenital coronary arterio-venous aneurysm. 569.
McMillan, I. K. R.: Aortic stenosis. A post-mortem cinephotographic study of valve action. 56.
Molyneux, L. (and E. A. Pask): A photometric method for estimating the O_2 saturation of small blood samples. 169.
Morton, E. V. B. (and A. I. S. Macpherson): Continuous venous hum in a case of portal cirrhosis. 105.
Mounsey, P.: The early diastolic sound of constrictive pericarditis. 143.
Müller, O. (and J. Shillingford): The blood flow in the right atrium and S.V.C. in tricuspid incompetence. 163.

N

Nightingale, J. A. (and B. L. Williams): Pulmonary artery thrombosis following cardiac catheterization. 113.

O

Oliver, M. F. (and G. S. Boyd): Serum lipoprotein patterns in coronary sclerosis and associated conditions. 299.
Oram, Samuel (and T. East): Rupture of aneurysm of aortic sinus (of Valsalva) into the right side of the heart. 541.
Owen, S. G. (and Paul Wood): A new method of determining the degree or absence of mitral obstruction. 41.

P

Parkes, W. E. (and R. G. S. Malone): Rupture of the interventricular septum. 448.
Pask, E. A. (and L. Molyneux): A photometric method for estimating the O_2 saturation of small blood samples. 169.
Peel, A. A. Fitzgerald: Age and sex factors in coronary artery disease. 319.
Priest, Elizabeth A. (and J. D. Aitchison, and W. I. Cranston): The effects of 1-hydrazinophthalazine on the pulmonary circulation in mitral disease. 425.

R

Reinhold, J. (and R. E. Bonham-Carter, and Ulfe Rudhe): The heart sounds and the arterial pulse in congenital aortic stenosis. 327.
Richmond, H. G. (and J. D. Aitchison): Pulmonary hypertension with necrotizing pulmonary arteritis. 312.
Rowe, R. D. (and J. D. Keith, and P. Vlad): The electrocardiogram in primary endocardial fibroelastosis: 189.
Rudhe, Ulfe (and R. E. Bonham-Carter, and J. Reinhold]: The heart sounds and the arterial pulse in congenital aortic stenosis. 327.

S

Schott, A.: Upper A-V nodal beats precipitated by ventricular extrasystoles with retrograde conduction. 247.
Segal, N. (and M. McGregor): The Rauwolfia alkaloids in the treatment of hypertension. 391.
Shephard, R. J.: Redistribution of systemic flow in pulmonary stenosis. 98.
—— The resting hyperventilation of congenital heart disease. 153.
—— The atrial pressure tracing in congenital heart disease. 225.
Shillingford, J. (and O. Müller): The blood flow in the right atrium and S.V.C. in tricuspid incompetence. 163.
Short, D.: Radiology of the lung in severe mitral stenosis. 33.
Sloan, A. W. (and J. R. Greer): Calibration of an electronic phonocardiograph. 138.
Smith, D. E. (and M. B. Matthews): Aortic valvular stenosis with coarctation of the aorta. 198.
Snow, P. J. D. (and A. Morgan Jones, and K. S. Daber): Coronary disease: A pathological study. 503.
Stevenson, Maude (and E. Fletcher): Dissociation with interference, reciprocal rhythm and coronary sinus rhythm. 285.
Stuckey, D.: Cardiac pain in association with mitral stenosis and congenital heart disease. 397.
Summerhayes, J. L. V. (and P. Harris): Recordings of pressure during catheterization of the great cardiac vein. 453.

T

Trias de Bes, L. (and J. G. Sanchez Lucas, and F. Ballesta Barcons): A case of Takayashu's syndrome: The pulseless disease. 484.
Turner, R. (and H. R. L. Fraser): Electrocardiography in mitral valvular disease. 459.
Twyman, V. R. (and E. C. B. Keat): Cardiac involvement in lymphosarcoma with spontaneous rupture of the heart. 563.

V

Vakil, Rustom Jal: Transitory W–P–W aberration after intravenous strophanthin. 267.
Van Milaan, J. B. (and H. C. Burger, and W. Den Boer): Vectorcardiograms of normal and premature beats in different lead systems. 1.
Vlad, P. (and J. D. Keith, and R. D. Rowe): The electrocardiogram in primary endocardial fibroelastosis. 189.

W

Walker, J. M. (and J. H. Burn, and E. M. Vaughan Williams): The production of block and auricular fibrillation in the heart-lung preparation by inhibitors of cholinesterase. 431.
Weitzman, D.: The mechanism and significance of the auricular sound. 70.
—— (and H. E. Archer, and Hedy L. Kay): Control of quinidine dosage. 534.
Whitaker, W. (and James W. Brown, and D. Heath): Patent ductus arteriosus with pulmonary hypertension. 121.
—— (and James W. Brown, and D. Heath): Eisenmenger's complex. 273.
Williams, B. L. (and J. A. Nightingale): Pulmonary artery thrombosis following cardiac catheterization. 113.
Williams, E. M. Vaughan (and J. H. Burn, and J. M. Walker): The production of block and auricular fibrillation in the heart-lung preparation by inhibitors of cholinesterase. 431.
Wood, Paul (and R. Gibson): Diagnosis of tricuspid stenosis. 552.
—— (and S. G. Owen): A new method of determining the degree or absence of mitral obstruction. 41.

Y

Young, B. S. (and J. D. Aitchison, and R. J. Duthie): Palpable venous pulsations in a case of transposition of both arterial trunks and complete heart block. 63.

INDEX OF SUBJECTS

A

Abstracts of cardiology. 116, 270, and 417.
Age and sex factors in coronary artery disease (A. A. Fitzgerald Peel). 319.
Aneurysm of aortic sinus (of Valsalva) into the right side of the heart. Rupture of (S. Oram and T. East). 541.
Aortic sinus (of Valsalva) into the right side of the heart. Rupture of (S. Oram and T. East). 541.
Aortic stenosis. A post-mortem cinephotographic study of valve action (I. K. R. McMillan). 56.
Aortic valve. Patent ductus arteriosus with an abnormal (R. E. Bonham-Carter, C. H. M. Walker, D. Daley, M. B. Matthews, and W. E. Medd). 225.
Aortic valvular stenosis with coarctation of the aorta (D. E. Smith and M. B. Matthews). 198.
Arterial pulse in congenital aortic stenosis. Heart sounds and the (J. Reinhold, Ulfe Rudhe, and R. E. Bonham-Carter). 327.
Arteritis. Pulmonary hypertension associated with necrotizing pulmonary (J. D. Aitchison and H. G. Richmond). 312.
Arteritis with aneurysmal formation in an infant (M. Gelfand). 264.
Atrial pressure tracing in congenital heart disease (R. J. Shephard). 225.
Atrio-ventricular nodal beats precipitated by ventricular extrasystoles with retrograde conduction. Upper (A. Schott). 247.
Auricular fibrillation in the heart-lung preparation by inhibitors of cholinesterase. The production of block and (J. H. Burn, E. M. Vaughan Williams, and J. M. Walker). 431.
Auricular sound. The mechanism and significance of the (D. Weitzman). 70.

B

Block and auricular fibrillation in the heart-lung preparation by inhibitors of cholinesterase. The production of (J. H. Burns, E. M. Vaughan Williams, and J. M. Walker). 431.
Blood flow in the right atrium and superior vena cava in tricuspid incompetence (O. Müller and J. Shillingford). 163.

C

Calibration of an electronic phonocardiograph (A. W. Sloan and J. R. Greer). 138.
Cardiac involvement in lymphosarcoma with spontaneous rupture of the heart (E. C. B. Keat and V. R. Twyman). 569.
Cardiac pain in association with mitral stenosis and congenital heart disease (D. Stuckey). 397.
Cardiac vein. Recordings of pressure obtained during catheterization of the great (P. Harris and J. L. V. Summerhayes). 453.
Catheterization of the great cardiac vein (P. Harris and J. L. V. Summerhayes). 453.
Catheterization. The intracardiac electrogram as an aid to cardiac (D. Emslie-Smith). 219.
Cholinesterase. The production of block and auricular fibrillation in the heart-lung preparation by inhibitors of (J. H. Burn, E. M. Vaughan Williams, and J. M. Walker). 431.
Coarctation of the aorta. Aortic valvular stenosis with (D. E. Smith and M. B. Matthews). 198.
Congenital aortic stenosis and its surgical treatment (R. M. Marquis and A. Logan). 373.
Congenital aortic stenosis. The heart sounds and the arterial pulse in (J. Reinhold, Ulfe Rudhe, and R. E. Bonham-Carter). 327.
Congenital coronary arterio-venous aneurysm (P. H. Davison, B. H. McCracken, and D. J. S. McIlveen). 569.
Congenital heart disease. The resting hyperventilation of (R. J. Shephard). 153.
Congenital heart disease. Cardiac pain in association with mitral stenosis and (D. Stuckey). 397.
Congenital heart disease. The atrial pressure tracing in (R. J. Shephard). 225.
Constrictive pericarditis. The early diastolic sound of (P. Mounsey). 143.
Continuous venous hum in a case of portal cirrhosis (A. I. S. Macpherson and E. V. B. Morton). 105.
Cinephotographic study of valve action. Aortic stenosis. A post-mortem (I. K. R. McMillan). 56.
Coronary arteriospasm. The distinctive electrocardiogram of (William Evans). 15.
Coronary artery disease. Age and sex factors in (A. A. Fitzgerald Peel). 319.
Coronary sclerosis and associated conditions. Serum lipoproteins in (M. F. Oliver and G. S. Boyd). 299.
Coronary disease: A pathological study (P. J. D. Snow, A. Morgan Jones, and K. S. Daber). 503.
Cor triloculare biatriatum: Findings at thoracotomy (C. E. Drew, P. R. Fleming, and A. M. Johnson). 414.

D

Dissociation with interference, reciprocal rhythm, and coronary sinus rhythm (E. Fletcher and M. Stevenson). 285.

E

Ebstein's anomaly: Report of a case diagnosed during life (A. J. Kerwin). 109.
Eisenmenger's complex (J. W. Brown, D. Heath, and W. Whitaker). 273.
Electrocardiogram of coronary arteriospasm. The distinctive (William Evans). 15.
Electrocardiogram in primary endocardial fibroelastosis (P. Vlad, R. D. Rowe, and J. D. Keith). 189.
Electrocardiography in mitral valvular disease (H. R. L. Fraser and R. Turner). 459.
Electrogram as an aid to cardiac catheterization. The intracardiac (D. Emslie-Smith). 219.
Endocardial fibroelastosis. The electrocardiogram in primary (P. Vlad, R. D. Rowe, and J. D. Keith). 189.
Endomyocardial fibrosis in Uganda. The pathology of (J. N. P. Davies and J. D. Ball). 337.
Exercise on lung distensibility and respiratory work in mitral stenosis. The effect of (G. W. Hayward and J. M. S. Knott). 303.
Extrasystoles arising from the main bundle of His (E. Fletcher). 566.

F

Fibroelastosis. The electrocardiogram in primary endocardial (P. Vlad, R. D. Rowe, and J. D. Keith). 189.

H

Heart and pericardium. Secondary tumours of the (R. B. Goudie). 183.
Heart block. Palpable venous pulsations in a case of transposition of both arterial trunks and complete (J. D. Aitchison, R. J. Duthie, and J. S. Young). 63.
Heart sounds and the arterial pulse in congenital aortic stenosis (J. Reinhold, Ulfe Rudhe, and R. E. Bonham-Carter). 327.
1-Hydrazinophthalazine on the pulmonary circulation in mitral disease. The effect of (J. D. Aitchison, W. I. Cranston, and Elizabeth A. Priest). 425.
Hypertension associated with necrotizing pulmonary arteritis (J. D. Aitchison and H. G. Richmond). 312.
Hypertension. The Rauwolfia alkaloids in the treatment of (M. McGregor and N. Segal). 391.
Hyperventilation of congenital heart disease. The resting (R. J. Shephard). 153.

I

Inferior vena cava draining into left atrium. Long survival with (D. L. Gardner and L. Cole). 93.
Inter-atrial septum. The normal and abnormal (R. Hudson). 489.
Interventricular septum. Rupture of the (R. G. S. Malone and W. E. Parkes). 448.
Intracardiac electrogram as an aid in cardiac catheterization (D. Emslie-Smith). 219.

K

Keith, Sir Arthur. 409.

L

Lung distensibility and respiratory work in mitral stenosis. The effect of exercise on (G. W. Hayward and J. M. S. Knott). 303.

M

Mechanism and significance of the auricular sound (D. Weitzman). 70.
Mitral disease. The effects of 1-hydrazinophthalazine on the pulmonary circulation in (J. D. Aitchison, W. I. Cranston, and Elizabeth A Priest). 425.
Mitral obstruction. A new method of determining the degree of absence of (S. G. Owen and Paul Wood). 41.
Mitral stenosis and congenital heart disease. Cardiac pain in association with (D. Stuckey). 397.
Mitral stenosis. Radiology of the lung in severe (D. Short). 33.
Mitral stenosis. The effect of exercise on lung distensibility and respiratory work in (G. W. Hayward and J. M. S. Knott). 303.
Mitral valvular disease. Electrocardiography in (H. R. L. Fraser and R. Turner). 459.
Myocardial changes occurring in potassium deficiency (P. M. McAllen). 5.

N

New method of determining the degree or absence of mitral obstruction (S. G. Owen and Paul Wood). 41.
Nodal beats precipitated by ventricular extrasystoles with retrograde conduction. Upper atrio-ventricular (A. Schott). 247.
Normal and abnormal inter-atrial septum (R. Hudson). 489.

O

Oxygen saturation of small blood samples. A photometric method for estimating (L. Molyneux and E. A. Pask). 169.

P

Palpable venous pulsations in a case of transposition of both arterial trunks and complete heart block (J. D. Aitchison, R. J. Duthie, and J. S. Young). 63.
Parsons-Smith, Basil. 262.

Patent ductus arteriosus. Unilateral membranous pulmonary venous occlusion, pulmonary hypertension, and (D. Emslie-Smith, I. G. W. Hill, and K. G. Lowe). 79.
Patent ductus arteriosus with an abnormal aortic valve (R. E. Bonham-Carter, C. H. M. Walker, R. Daley, M. B. Matthews, and W. E. Medd). 225.
Patent ductus arteriosus with pulmonary hypertension (P. Harris). 85.
Patent ductus arteriosus with pulmonary hypertension (W. Whitaker, D. Heath, and James W. Brown). 121.
Patent ductus arteriosus: Some notes on prognosis and on pulmonary hypertension (Maurice Campbell). 511.
Phonocardiograph. Calibration of an electronic (A. W. Sloan and J. R. Greer). 138.
Phonocardiography in acute rheumatic carditis (E. M. M. Besterman). 360.
Pathological study. Coronary disease: A (P. J. D. Snow, A. Morgan Jones, and K. S. Daber). 503.
Pericardium. Secondary tumours of the heart and (R. B. Goudie). 183.
Photometric method for estimating the oxygen saturation of small blood samples (L. Molyneux and E. A. Pask). 169.
Post-mortem cinephotographic study of valve action. Aortic stenosis: A (I. K. R. McMillan). 56.
Potassium deficiency. Myocardial changes occurring in (P. M. McAllen). 5.
Pressure curve in the human right ventricle. Some variations in the shape of the (P. Harris). 173.
Pressure obtained during catheterization of the great cardiac vein. Recordings of (P. Harris and J. L. V. Summerhayes). 453.
Pressure tracings in congenital heart disease. The atrial (R. J. Shephard). 225.
Proceedings of the British Cardiac Society. 573.
Pulmonary arteries. Thrombosis of the main (O. Magidson and G. Jacobson). 207.
Pulmonary artery thrombosis following cardiac catheterization (J. A. Nightingale and B. L. Williams). 113.
Pulmonary circulation in mitral disease. The effects of 1-hydrazinophthalazine on the (J. D. Aitchison, W. I. Cranston, and Elizabeth A. Priest). 425.
Pulmonary hypertension. Patent ductus arteriosus with (W. Whitaker, D. Heath, and James W. Brown). 121.
Pulmonary hypertension. Patent ductus with (P. Harris). 85.
Pulmonary hypertension and patent ductus arteriosus. Unilateral membranous pulmonary venous occlusion, (D. Emslie-Smith, I. G. W. Hill, and K. G. Lowe). 79.
Pulmonary hypertension. Patent ductus arteriosus: Some notes on prognosis and on pulmonary hypertension. (Maurice Campbell). 511.
Pulmonary stenosis. Redistribution of systemic blood flow in (R. J. Shephard). 98.
Pulmonary stenosis. The results of valvotomy for simple (Maurice Campbell and Sir Russell Brock). 229.
Pulmonary venous occlusion, pulmonary hypertension, and patent ductus arteriosus. Unilateral membranous (D. Emslie-Smith, I. G. W. Hill, and K. G. Lowe). 79.
Pulseless disease. A case of Takayashu's syndrome. The (L. Trias de Bes, J. G. Sanchez Lucas, and F. Ballesta Barcons). 484.

Q

Quinidine dosage. Control of (H. E. Archer, D. Weitzman, and Hedy L. Kay). 534.

R

Radiology of the lung in severe mitral stenosis (D. Short). 33.
Rauwolfia alkaloids in the treatment of hypertension (M. McGregor and N. Segal). 391.
Redistribution of systemic blood flow in pulmonary stenosis (R. J. Shephard). 98.
Results of valvotomy for simple pulmonary stenosis (Maurice Campbell and Sir Russell Brock). 229.
Rheumatic carditis. Phonocardiography in acute (E. M. M. Besterman). 360.
Rhythm. Dissociation with interference, reciprocal rhythm, and coronary sinus (E. Fletcher and Maude Stevenson). 285.
Right ventricle. Some variations in the shape of the pressure curve in the human (P. Harris). 173.
Rupture of the interventricular septum (R. G. S. Malone and W. E. Parkes). 448.
R waves in right chest leads. Secondary (F. Camerini and L. G. Davies). 28.

S

Secondary R waves in right chest leads (F. Camerini and L. G. Davies). 28.
Serum cholesterol and other lipids after administration of sitosterol (J. M. Barber and A. P. Grant). 296.
Serum lipoprotein patterns in coronary sclerosis and associated conditions (M. F. Oliver and G. S. Boyd). 299.
Sitosterol. The serum cholesterol and other lipds after administration of (J. M. Barber and A. P. Grant). 296.
Spatial vectors and the angles they enclose (E. J. Fischmann). 496.
Surgical treatment. Congenital aortic stenosis and its (R. M. Marquis and A. Logan). 373.
Survival with inferior vena cava draining into left atrium. Long (D. L. Gardner and L. Cole). 93.
Systemic blood flow in pulmonary stenosis. Redistribution of (R. J. Shephard). 98.

T

Takayashu's syndrome: The pulseless disease. A case of (L. Trias de Bes, J. G. Sanchez Lucas, and F. Ballesta Barcons). 484.
Transposition of both arterial trunks and complete heart block. Palpable venous pulsations in a case of (J. D. Aitchison, R. J. Duthie, and J. S. Young). 63.
Thrombosis of the main pulmonary arteries (O. Magidson and G. Jacobson). 207.
Tumours of the heart and pericardium. Secondary (R. B. Goudie). 183.

Traumatic aorto-pulmonary fistula (A. D. Gillanders). 411.
Tricuspid incompetence. The blood flow in the right atrium and superior vena cava (O. Müller and J. Shillingford). 163.
Tricuspid stenosis. The diagnosis of (R. Gibson and Paul Wood). 552.

U

Uganda. The pathology of endomyocardial fibrosis in (J. N. P. Davies and J. D. Ball). 337.

V

Valvotomy for simple pulmonary stenosis. The results of (Maurice Campbell and Sir Russell Brock). 229.
Vectorcardiograms of normal and premature beats in different lead systems (W. Den Boer, H. C. Burger, and J. B. Van Milaan). 1.

W

W–P–W aberration after intravenous strophanthin. Transitory (Rustom Jal Vakil). 267.
